

Sentinel North

RESEARCH SCHOLARSHIP OPPORTUNITIES AT UNIVERSITÉ LAVAL

Join a unique transdisciplinary
research and training environment

With access to world-class research infrastructure and key expertise in northern studies, optics-photonics, microbiology, cardiometabolic and mental health, Sentinel North offers an invaluable opportunity for students worldwide to take part in a unique transdisciplinary program and address the complex challenges facing the changing North.

Mobility scholarships for international students

- For students enrolled full-time in a graduate program in a university outside Québec
- 2 to 6 month transdisciplinary internships at Université Laval
- Scholarships up to \$7,500

Scholarships and research grants

- Master's scholarships from \$15,000 / year, for 2 years
- PhD scholarships from \$18,000 / year, for 3 years
- Postdoctoral fellowships from \$35,000 / year, for 2 years

Université Laval, Quebec City

- Among the top 10 research universities in Canada
- First university in Canada for optics-photonics and northern research
- Over 12,000 graduate students, of which > 40 % are from abroad
- Only Canadian university awarded 4 Canada Excellence Research Chairs
