

INTERNATIONAL POLAR WEEK MARCH 2022

HOW TO CREATE A BEAUTIFUL PENGUIN WITH A PAPER PLATE?

1. You will need paper plate, colorful paper (white, black and yellow or orange), paint brush and black paint, glue stick, pencil and scissors.

2. Paint your paper plate black and let the paint dry.

3. On the white paper draw a circle in a smaller size than your paper plate (and try not to bite the glue stick).

4. On the black paper draw the eyes and flippers (the modified penguin wings - they are shaped like two long ovals)

5. On the yellow (or orange) paper, draw the beak and paws for the penguin

6. Cut the white circle, fold it in half and cut the tip. Your circle should look like a heart.

7. Cut out the eyes, flippers, beak and paws

8. First, glue the white circle to the center of the paper plate, then the eyes, beak, foot and flippers.

Your penguin friend is ready!
